

# Blessed Feet

by zell ford

*Dedicated to:*

*this is dedicated to large and small—  
whether be Gandhi's walk or  
the Apostle's Way named Paul.  
the Via Dolorosa hath blessed them all.*

The list be long—'tis yet complete

Of those who have suffered

For blessed feet.

The Chronicle and time so clearly speaks

Of them—who've walked in suffering

And have blessed feet.

Not just the heroes and the well renowned

With names so known for gifts of speech

But all with blessed feet.

To walk His Path to an end yet known

Is to walk The Way—but not alone

'Tis the shame of blessed feet.

No matter the color, the type nor the style

Ere regardless the clicking of clock's cruel dial

This be the way of blessed feet.

And IF . . .

If this beloved curse you want more than all,

Then kick off the dust and start it now!

Take that journey . . .

The sacred journey of blessed feet.
