

# Accessing AR Lists using AR BookFinder

Go to <http://www.arbookfind.com/>

You can use the “Quick Search” tab to find a title, author, or subject

Or, you can use the “Advanced Search” tab to find books using more specific information

AR BookFinder has a feature called “AR BookBag.” This feature allows you to create your own list of AR books that you may want to read.

- To create a BookBag, simply click on the yellow “Add to AR Book-Bag” button.
- You can print or save your Book-Bag and use it to help you find books at the library or a bookstore.

For more information, check out the “Parent’s Guide to AR BookFinder,” available online or at the library.
